ATI Radeon Graphics Card Cable
## Replacement Instructions

**Note:** Follow these instructions carefully. Failure to do so could damage your equipment and void its warranty.

First Steps

1 Shut down computer.

2 Wait 10 minutes.

⚠ **Warning:** Parts inside computer can be very hot. Allow computer to cool down before continuing.

3 Unplug all external cables except power cord.

**4** Touch metal PCI cover on back of computer.

5 Unplug power cord.

Opening the Computer

1 Hold side access panel and lift latch on back of computer.

⚠ **Warning:** Edges of access panel and enclosure can be sharp. Be careful when handling.

2 Remove access panel and place it on flat surface covered by soft, clean cloth.

Removing and Installing the Cable

1 Disconnect card's cable(s) from backplane board.

2 Disconnect card's cable(s) from card.

3 Connect replacement cable(s) to card and backplane board.

Closing the Computer

1 Replace access panel.

   Note: Make sure latch is up before you replace panel. If latch is down, panel will not seat correctly.

2 Push latch down to close and secure access panel.

   Warning: Never turn on computer unless all its internal and external parts are in place and it is closed. Operating computer when open or missing parts can cause damage or injury.
